Analyse a Niche / Genre

Fetch videos for a topic, split Shorts vs long-form, and surface what's over/under-performing and what the winners do differently. (The original tool.)

Open →

Analyse a Specific Video

Deep-dive one video: age-fair stats vs its niche, transcript, AI-nominated Short clips, and advertiser-friendliness hints.

Open →

Trend Discovery

What's rising across genres right now — velocity-ranked emerging topics, clustered into trends, with saturation and opportunity reads.
